Addition

$16 + 3 =$

$11 + 8 =$

$15 + 6 =$

$10 + 4 =$

$20 + 5 =$

I am thinking of a number...

It is **greater** than 5.

It is **less** than 10.

What could my number be?

Can you write your own question for me on the back?

Tiny is trying to draw a number line from 0 to 20

What is wrong with Tiny's number line?
How would you draw the number line?
